Loyola Clinical Centers

Clinical Psychology Extern, Adult Psychotherapy

Baltimore, MD
08/2021-08/2022

Supervisors: Jonathan Gorman, Psy.D. & Christopher Higginson, Ph.D.

- Provide weekly psychotherapy session for adults with a wide range of emotional and behavioral difficulties, by applying elements of multi-modal evidence-based treatments, including psychodynamic therapy, dialectical behavior therapy, acceptance and commitment therapy.
- Conduct clinical intake interviews with new clients.
- Identified a gap in client services and proposed the development of a clinical training on psychotherapy skills for clients who identify as polyamorous (to be conducted in the spring of 2022).
- Create and implement treatment plans and treatment plan reviews.
- Participate in individual and group supervision.
- Participate in clinic in-service trainings.

Loyola Clinical Centers

Clinical Psychology Extern, Neurocognitive Assessment

Baltimore, MD
08/2021-08/2022

Supervisors: Christine Lay, Psy.D. & Christopher Higginson, Ph.D.

- Administer and score neuropsychological assessments and psychological assessments with four adult clients.
- Develop full neuropsychological reports and provide feedback to client and family members Participate in individual and group supervision.
- Participate in multi-disciplinary case conferences with audiology and speech and language pathology teams.

Loyola Clinical Centers

Student Clinician

Baltimore, MD
08/2020-08/2021

Supervisors: Christine Lay, Psy.D. Douglas Frew, Psy.D., & Harriette Wims, Ph.D.

- Conducted comprehensive intake interviews with adults, adolescents, children, and families at community-based outpatient clinic to determine appropriateness for psychotherapy and psychological assessment services and wrote up intake reports.
- Received group and individual supervision of intake interviews and report writing.
- Administered and scored cognitive assessments (WISC-V and WIAT-3) with a child client.

University of North Carolina Campus Health Services

Carolina Health Education Counselor of Sexuality

Chapel Hill, NC
8/2010-5/2011

- Developed and facilitated educational programs and lectures on a weekly basis in the areas of sexual health, reducing risk, and healthy relationships; attendance ranged from 10 to 450 students.
- Collaborated with campus stakeholders to shift 50% of our individual-intervention efforts toward population-based interventions, based on needs assessment and evaluation results.
- Assisted with the development and implementation of health education and promotion initiatives based on Campus Health Services identified priorities through mid-media and social media channels.
- Counseled over 400 undergraduate and graduate students on reducing risk behaviors and various sexual health topics, such as sexually transmitted infections, contraception, and sexuality.
- Provided voluntary HIV counseling and testing to more than 200 undergraduate and graduate students.

GRADUATE TEACHING EXPERIENCE

Laetitia Lemoine

Loyola University Maryland

Teaching Assistant, Principles and Practices of Psychotherapy
Supervisor: Matthew Kirkhart, Ph.D.

Baltimore, MD
01/2021-05/2022

- Lead weekly group discussion with graduate students about therapy skills and techniques.
- Develop instructional exercises for teaching fundamental psychotherapy skills.
- Foster dialogue for students to explore and problem-solve different challenges in providing therapy.

PROFESSIONAL EXPERIENCE

Population Services International

Technical Advisor, Sexual and Reproductive Health

Washington, DC
10/2017-8/2020

- Lead PSI's global reproductive health counseling strategy and digital counseling, focusing on increasing client satisfaction with their contraceptive choices and decreasing unmet need.
- Member of PSI's internal Institutional Review Board, focusing on research protocols pertaining to reproductive health and family planning (RH/FP).
- Master trainer in counseling, programmatic quality assurance for RH/FP services, and health care ethics and values exploration; conduct training of trainers in sub-Saharan Africa and Asia.
- Provide remote and in-country technical assistance to effectively deliver results on a diverse range of FP/RH programs, specifically modern contraception and safe abortion programs.
- Technical lead on New Business Development opportunities for strategic and technical review.
- External quality assurance auditor for RH/FP programs and services across the PSI Global Network.

Population Services International

Technical Advisor, Social Franchising

Lilongwe, Malawi
2/2016-10/2017

- Managed the Social Franchise, Tunza Family Health Network, consisting of a team of 12 employees and 70 contractors.
- Headed the transition of Tunza from a fully-donor dependent enterprise to one that better targets subsidies and reduces its reliance on such subsidies over time to become financially sustainable. Overhauled our operational systems to move from a classic NGO set up to a business operation; managed dedicated budgets and set up a separate business unit to track the transition and business plans.
- Orchestrated six interdisciplinary teams (Quality Assurance, Sales, Business, Client Management Systems, Demand Creation, and Integrated Health Areas) to deliver on the Tunza value proposition to over 60 franchisees.

Population Services International

Fellow

Bujumbura, Burundi
1/2015-1/2016

- Provided technical assistance to various programs (HIV, reproductive health and family planning, maternal and child health) to build and strengthen capacity in quality assurance, monitoring and evaluation, and program improvement planning.
- Mapped and spearheaded a mobile-based referral and counter-referral system for a HIV treatment and care program with the Burundi military.
- Coordinated the development of a tablet-based quality assurance program for all health areas in the platform to ensure a standardized and efficient process to monitoring the quality of services.
- Facilitated workshops in program improvement planning to find actionable and measurable solutions to program bottlenecks.

Population Services International

Associate Technical Advisor, Sexual and Reproductive Health and Tuberculosis
Consultant, Sexual and Reproductive Health and Tuberculosis (*promoted*)

Washington, DC
1/2013-12/2014
9/2011-1/2013

Laetitia Lemoine

- Provided remote and in-country technical assistance to RH/FP, TB and HIV programs, particularly in the West and Central Africa region, through resource mobilization, program assessment and improvement, and capacity building of program staff.
- Designed and launched PSI's first web-based Francophone HIV Leadership Training, comprising of a series of webinars, mentor team leaders, written assignments, and in-country tailored support.
- Oversaw requests concerning HIV counseling and testing, voluntary medical male circumcision (VMMC), and TB services data collected and entered into the Health Services Database; point of contact for the development of HTC, VMMC and TB modules in the DHIS2.
- Launched an internal knowledge management space emerging technical areas, Youth and Gender, to facilitate the identification and use of resources for country programs and departments.

RESEARCH EXPERIENCE

Loyola University Maryland

Doctoral Dissertation, *Pending Proposal*

Supervisor: Matthew Kirkhart, Ph.D.

Baltimore, MD

01/2021-Present

- Exploring sexuality, reproductive identity, and posttraumatic growth among women who have experienced a traumatic or nontraumatic limb loss.

Johns Hopkins University School of Medicine, Center for Addiction and Pregnancy

Senior Research Program Coordinator

Psychometrician (*promoted*)

Baltimore, MD

11/2007-6/2009

11/2006-11/2007

- Recruited and consented over 45 participants for a multi-site international clinical trial funded by the National Institute on Drug Abuse and evaluating the efficacy of buprenorphine and methadone in the pregnant population.
- Developed and led weekly interpersonal communication activities for patients who used alcohol and drugs, particularly opioids and cocaine; the objective of those activities was to promote safe sex, knowledge of the effects of drug use during pregnancy, and how to ensure a healthy pregnancy for mother and baby.
- Administered the Addiction Severity Index and the Structured Clinical Interview for DSM-IV with over 100 patients dependent on drugs, and trained research assistants on its administration.
